Beaver Water District Receives Awards: ABC Excellence in Construction & AIA Stewardship

Associated Builders and Contractors (ABC) of Arkansas announced on April 24th that Crossland Heavy Contractors' work on Beaver Water District's Joe M. Steele Water Treatment Plant Improvements earned first place in the Infrastructure Heavy category of ABC's Excellence in Construction awards. In addition, Oil Capital Electric took top honors for its work in the electrical industrial, \$4 million to \$6 million category, also on the Steele Water Treatment Plant. The architect/engineer for the project was Montgomery Watson Harza of Broomfield, Colo., with local consultant McGoodwin, Williams and Yates of Fayetteville serving on the design team.

In other news, the Arkansas Irrigation Association presented Beaver Water District with the 2010 Stewardship Award for Excellence in Water Management at its June 14 meeting. Beaver Water District, with offices near Lowell, supplies drinking water to more than 250,000 people and industries in Fayetteville, Springdale, Rogers, Bentonville and surrounding areas. The District's mission is to serve customers in the Benton and Washington County area by providing high quality drinking water that meets or exceeds all federal and state regulatory requirements in such quantities as meets their demands and is economically priced consistent with our quality standards.
